## RACING RULES OF SAILING

### **Rules Webinar with David Dellenbaugh**

This *live* Rules Webinar features common (*and uncommon*) scenarios as well as some commonly misunderstood situations. We'll look at upwind, downwind, mark-room and starting situations, both boat-on-boat and in crowds, for one-designs and mixed fleets. We pay particular attention to the transition from one rule to another as situations evolve. Discussion will include the rights and obligations of each boat and also the tactical choices the rules create.

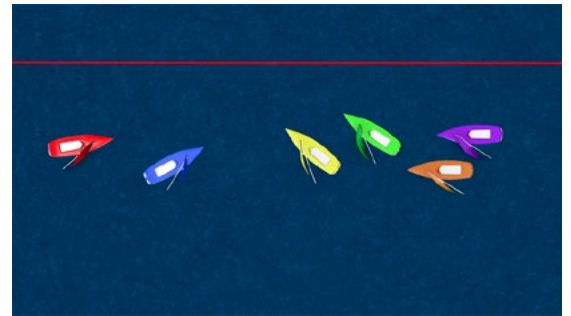

### **But Wait, There's More!**

#### **Each Participant Receives a One-Year Group Subscription**

Learn the [Racing Rules](#) 2021-2024. This online program provides indepth training on the Rules of Part II – When Boats Meet – with a combination of 3d animations, videos, photos, and diagrams.

The program covers all the Rules, related definitions, changes from the 2020 rules, and a series of knowledge checks and tests.

This is an outstanding program that your sailors can view and review as often as they like for a full year.

### **David Dellenbaugh**

Presented by [David Dellenbaugh](#) – US Sailing Rules Committee past Chair, America's Cup and multi-class champion – the program will help you know your rights and obligations in every situation. With six modules, you'll learn to recognize rules situations and underlying tactical opportunities at starts, finishes, mark roundings, and on the open course.

### **Fees**

This program is charged on a per-person basis.

US\$48/ person includes the Two-hour live session PLUS the One-Year Learn the Racing Rules subscription.

US\$60/ person for private webinars for your group. Includes One-Year Learn the Racing Rules subscription.

Minimum enrollment is 25.

**\*We may be able to match your group with another fleet to reach the minimum.**
